## Children's area

The camp is lucky to have some great people helping to nurture the creative musical potential of the children and teens. There will be plenty of time for good old-fashioned play; we have a treasure chest of things to do, and a beautiful field to play in. If you feel you have some thing to offer them in a supportive way please let us know.

Children's activities are usually at the same time as workshops.

**Look out for the procession on Sunday**
